

**Zion Lutheran School
2020-21 School Year
Acknowledgement of Risk**

Zion Lutheran School takes the health and safety of our students and staff very seriously. With respect to the Covid Pandemic, we will be conducting our school days according to the latest guidelines from the CDC and the State of Illinois. These additional precautions and procedures are detailed in our "Zion Lutheran School 2020-21 Covid Guidelines and Procedures" document.

Should there be an incident of Covid exposure at Zion, we will do everything we are able to isolate the case, sanitize, and work with the local Health Department to follow their recommendations and guidelines, as well as making appropriate notifications.

We know, as do our families, that there is always an inherent risk and that despite taking every reasonable precaution and following established guidelines, illness can occur. This document is your acknowledgement and assumption of that risk by enrolling your student at Zion. ***By signing this letter you agree to hold Zion Evangelical Lutheran Church and School harmless for any damages incurred on account of any illness, Covid or otherwise, contracted by your child despite reasonable and recommended precautions taken by our school and staff.***
